

GALICIA

Above: Alternate elevations available for the Galicia Floorplan.

The two-story **Galicia** floorplan offers 3,724 square feet of living space, with an additional 458 square feet of covered porch. This spacious home is designed with family living in mind. Two bedrooms are located on the first level and two additional bedrooms, including a large game room, on the second floor. The convenient location of the stairway allows easy access to the second floor from the kitchen and the garage.

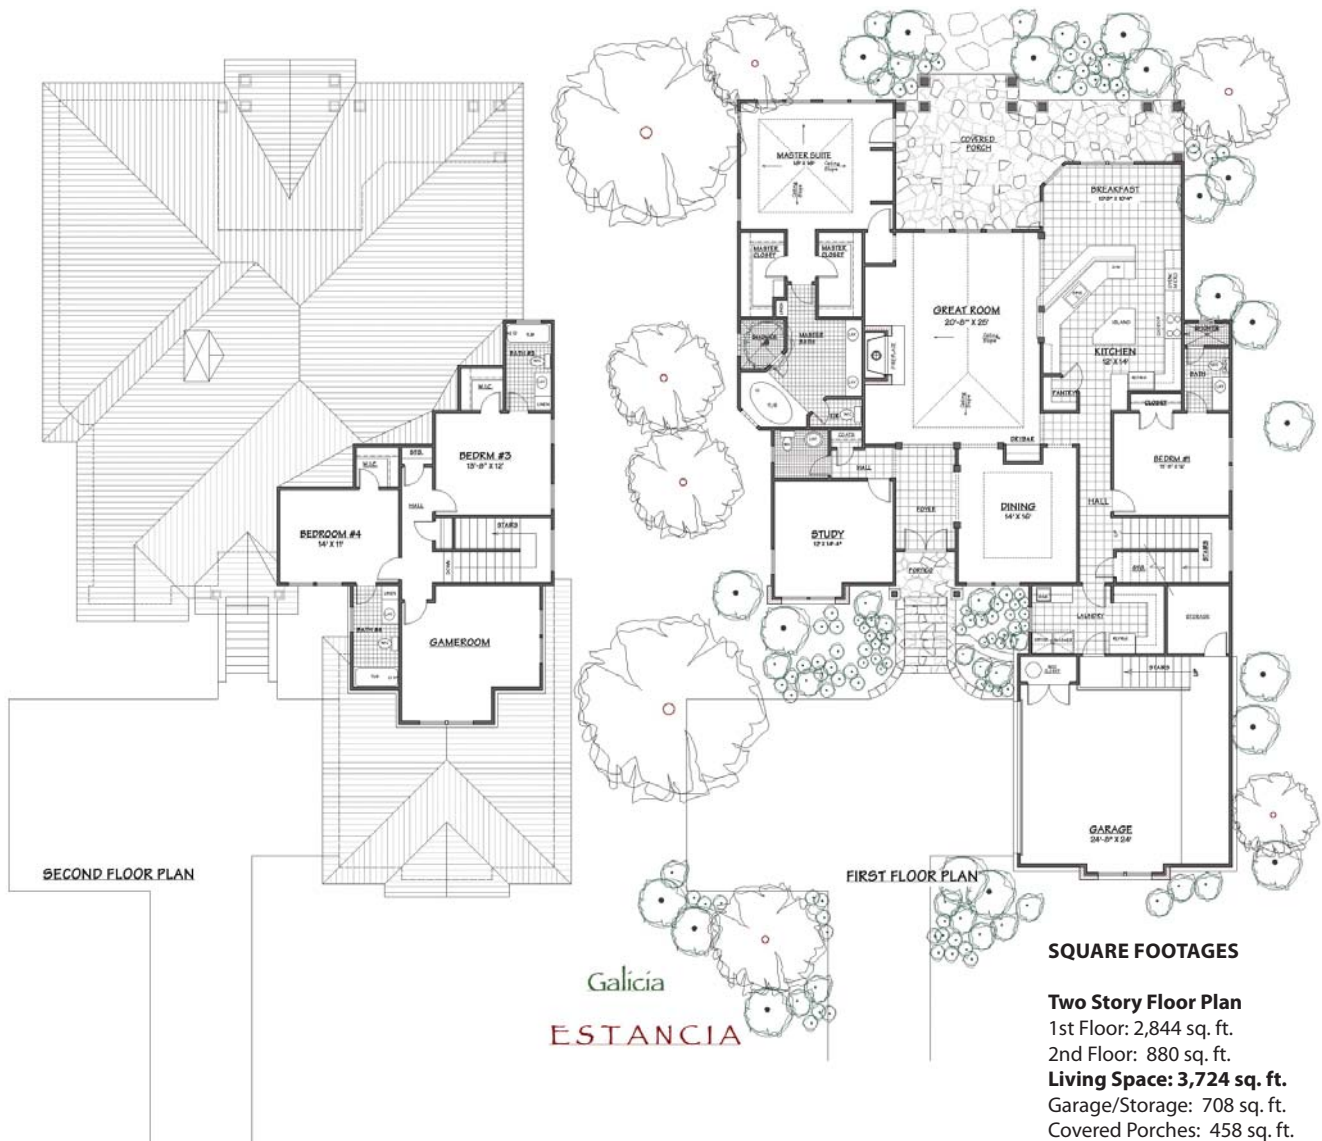

The beautifully appointed island kitchen comes complete with granite countertops, breakfast area and walk-in pantry. The over-sized great room, formal dining area, luxurious master bedroom and study are all elegantly designed, providing style and comfort to effortlessly accommodate your busy lifestyle. In addition, each bedroom has its own private bath. A powder room is situated on the first floor for you and your guest's convenience. The generous porch area is accessible from the kitchen or master bedroom and allows for easy entertaining with friends and family.
