

VALENCIA

Above: Alternate elevations available for the Valencia Floorplan.

The Valencia is 2,474 square feet of living space, with an additional 616 square feet of garage and storage space, and 512 square feet of covered porches.

This spacious, open design features a classic foyer, oversized great room, formal dining room, a luxurious master suite wing and two large secondary bedrooms—each with a private bath to accommodate family members or house guests comfortably. The beautifully designed open kitchen includes a walk-in pantry, center island, functional dining bar and a breakfast room which opens onto a covered patio.
